Graduate Student Procedures **10**
Undergraduate Student Procedures **6**

The **FIRST EDITION** of the Schedule of Classes should be used only **DURING EARLY REGISTRATION.** As they occur, revisions will be posted on the 1st Floor of the North Administration Building.

The **SECOND EDITION** of the Schedule of Classes should be used prior to the beginning of classes. The Second Edition reflects room, time and instructor changes made to course offerings since the First Edition was printed. It shows courses and/or sections added and omits courses and/or sections deleted since the First Edition.

The University of Maryland uses an individual student's social security number as his or her identification number for University records. If you do not wish the University to use your social security number for this purpose, write the Office of Registration, North Administration Building, College Park, Maryland 20742. The University will then assign its own number to you for record keeping purposes.

The provisions of this publication are not to be regarded as an irrevocable contract between the student and the University of Maryland. Changes are affected from time to time in the general regulations, in class scheduling, and in the academic requirements.

Undergraduate Registration Procedures

All eligible undergraduate students will be mailed registration appointments for Fall 1984. Appointment times will be based on student credit level and scheduled between April 2 and May 4, 1984.

ALL STUDENTS ARE ENCOURAGED TO TAKE ADVANTAGE OF THIS OPPORTUNITY.

Students participating in this system will have the best opportunity to obtain their Fall 1984 course schedule.

Don't wait — All courses will be filled to 100% of course capacity.

Students who owe money to the University are not eligible to register until they clear their account. Students with outstanding balances will receive a bill and a letter with a registration appointment time. To become eligible to register at this appointment time, obtain a bill clearance from the Bursar's Office, Room 1103, South Administration, prior to your appointment.

The following steps should be completed at least one week prior to the appointment date.

STEP 1 — Go to your department location as indicated in your letter, according to the dates in your letter. Beginning March 26, unofficial transcripts and registration materials will be available at all locations. Students in the College of Human Ecology **must** pick up their materials between March 26 and March 30, 1984.

Mandatory advising and schedule approval varies according to Division, College or major. Appointment letters indicate if a department, college or division requires advising.

It is recommended that students set up appointments to see their advisors at least one week prior to the registration appointment in the North Administration Building.

STEP 2 — Review restricted courses. Students planning to request any of the courses listed on the Undergraduate Restricted Course List (p. 6) must go to the department offering the course for an Authorization Form. If the course is listed as "Majors Only" and the student is officially enrolled as a major in that department, it is not necessary for the student to obtain an Authorization Form. Students should be sure they have acquired Authorization Forms prior to their registration appointment time.

OTHER RESTRICTIONS:

1) 19 Credit Limit — To register for more than 19 credits, students must have written approval of their Dean or Provost.
2) Undergraduates Requesting Graduate Level Courses — Students must have written approval of their Dean or Provost.

STEP 3 — Complete Registration Form prior to appointment date and time. Make sure you are eligible for all courses requested.

STEP 4 — Go to Room 1130, North Administration Building, at the day and time as indicated in your letter to register.

ATTENTION: GRADUATING SENIORS — MAY DEGREE CANDIDATES

If you wish to register for Fall 1984, **make an appointment early.** Beginning March 26, call 454-7950 or come in to the Registration Counter, Lobby, North Administration Building, 8:30-4:30.

Beginning May 7, 1984, students may register and drop/add in the Registration Center, Room 1130, North Administration. See Registration Schedule Adjustment Calendar for dates and hours of registration (page 14).

Graduate Student Registration Procedures

ATTENTION GRAD STUDENTS — MAIL-IN REGISTRATION PROCESS AVAILABLE

GENERAL INFORMATION:
ALL GRADUATE STUDENTS ARE ENCOURAGED TO TAKE ADVANTAGE OF THE MAIL-IN REGISTRATION PROCEDURE. EARLY REGISTRATION WILL BE HELD FROM APRIL 2, 1984 THROUGH AUGUST 10, 1984. EACH DEPARTMENT/PROGRAM WILL CONTROL THE DISTRIBUTION OF MATERIALS FOR GRADUATE STUDENTS.

Your department/program has indicated their requirements in the Graduate Registration Procedure Chart below. Please review this information carefully and follow the instructions associated with your department. Questions may be addressed to the department/program office or Graduate School (454-4004).

Currently enrolled graduate students will receive a letter about the registration procedures.

Financially ineligible graduate students must adhere to the following procedures prior to registration:

1. Complete bill payment at the Bursar's office, Room 1103 South Administration Building.
2. Obtain a Financial Clearance from the Bursar's Office.
3. Take the clearance to your department to pick up registration materials. Include copy of clearance form with schedule request form.

REGISTRATION STEPS:

STEP 1 — Review the chart below to determine departmental requirements based on status as a newly admitted or returning graduate student.

NEWLY ADMITTED: Any student receiving an admission letter from the Graduate School for Fall 1984.

RETURNING STUDENT: Any student admitted to a Graduate program prior to and including Spring 1984, and currently eligible to register.

STEP 2 — If advising is mandatory, or needed, contact the department to arrange an appointment. If no advising is required, student must contact the department about distribution of schedule request form and transcript.

STEP 3 — Review Graduate Restricted Course List for courses numbered 500-899. (See opposite column.) For courses numbered 100-499 see Undergraduate Restricted Course List.

Students requesting restricted courses must go to the department offering the course to obtain an Authorization Form. If the course is indicated as "Majors Only" and the student is **officially** listed as a major in that department, it is not necessary for the student to obtain an Authorization Form.

STEP 4 — Complete the Schedule Request Form and return it to the department or to the Registrations Office, as indicated in the Graduate Registration Procedure Chart below.

NOTE: If the department permits, students may return the form directly to the Registrations Office by mail to:

Registrations Office
Room 1130
North Administration Building
College Park, Maryland 20742

or in person. (See Registration and Schedule Adjustment Calendar, page 14, for specific dates and times.) An appointment is suggested (call 454-7950).

Deadlines for Graduate Students and Part-time Undergraduates

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE FIRST DAY OF CLASSES, SEPTEMBER 4, if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which the student is registered to *8 or less,* charges for the semester will be assessed on the basis of the per credit hour fee for part-time students. However, if the student later adds a course or courses, thereby changing the total number of credits for which the student is registered to *9 or more,* the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

If during the FIRST FIVE DAYS OF CLASSES, SEPTEMBER 4-10, a full-time undergraduate drops a course or courses thereby changing the total number of credits for which he/she is registered to eight or less, charges for the semester will be assessed on the basis of part-time charges plus 20% of the difference between the full-time fees and appropriate part-time charges. After the first five days of classes, there is no refund for changing from full-time to part-time status.

SEPTEMBER 18 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

This applies to both graduate and undergraduate students.

Reclassification to In-State Status

Please note that the Board of Regents approved a new policy for Determination of In-State Status for Admission, Tuition and Charge-Differential purposes effective Fall 1982. If you wish to challenge your out-of-state classification you may do so by filing a timely Petition. The deadline for meeting all requirements for an in-state and for submitting all documents for reclassification is the last day of late registration for the semester you wish to be classified as an in-state student.

Deadlines

Summer Session I, 1984.....June 5, 1984
Summer Session II, 1984.....July 16, 1984
Fall 1984 Semester.....September 17, 1984

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. The volume of requests for reclassification may necessitate a delay in completing the review process. It is hoped that a decision in each case will be made within ninety (90) days of receipt of a request for redetermination and all necessary documentation. During this period of time, or any further period of time required by the University, fees and charges based on the previous determination must be paid. If the determination is changed, any excess fees and charges will be refunded. It is to your advantage to apply early.

Petitions for review of eligibility, related documents and questions concerning the policy of the University of Maryland for the determination of in-state status should be directed to the following offices:

Undergraduates —
Admissions Counselor
Office of Undergraduate Admissions
Ground Floor
North Administration Building

The revised regulations will affect the areas concerning the filing and adjudication of applications for extensions of stay, transfers, off-campus employment authorization, and practical training. Several INS forms have been revised including the I-20 and the I-538, plus a newly created I-20 ID copy. There are processing fees for most INS forms, such as a $15.00 fee for filing an I-538. A summary of the newly revised INS regulations for F-1 students will be made available by the Office of International Education Services when the changes are published in their final form. Please watch for announcements around campus concerning the publishing and distribution of the summary of the new regulations.

Academic Dishonesty

A. CHEATING

Intentionally using or attempting to use unauthorized materials, information or study aids in any academic exercise.

Comments:
1. Students completing any examination should assume that external assistance (e.g., books, notes, calculators, conversation with others) is prohibited unless specifically authorized by the instructor.
2. Students must not allow others to conduct research or prepare any work for them without advance authorization from the instructor. This comment includes, but is not limited to, the services of commercial term paper companies.
3. Substantial portions of the same academic work may not be submitted for credit or honors more than once without authorization.

B. FABRICATION

Intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

Comments:
1. "Invented" information may not be used in any laboratory experiment or other academic exercise without notice to and authorization from the instructor.
2. One should acknowledge reliance upon the actual source from which cited information was obtained.
3. Students who attempt to alter and resubmit returned academic work without notice to the instructor would be in violation of this section.

C. FACILITATING ACADEMIC DISHONESTY

Internationally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

D. PLAGIARISM

Intentionally or knowingly representing the words or ideas of another as one's own in any academic exercise.

Comments:
1. *Direct Quotation:* Every direct quotation must be identified by quotation marks or by appropriate indentation and must be promptly cited in a footnote. (Proper footnote style for many academic departments is outlined by the MLA Style Sheet or K.L. Turabian's *A Manual for Writers of Term Papers, Thesis and Dissertations).*
2. *Paraphrase:* Prompt acknowledgement is required when material from another source is paraphrased or summarized in whole or in part in your own words.
   A footnote acknowledging only a directly quoted statement does not suffice to notify the reader of any preceding or succeeding paraphrased material.
3. *"Borrowed Facts or Information:* Information obtained in one's reading or research; which is not common knowledge among students in the course, must be acknowledged.
   Materials which contribute only to one's general understanding of the subject may be acknowledged in the bibliography and need not be immediately footnoted.

TO REPORT ACADEMIC DISHONESTY DIAL 454-4746 AND ASK FOR THE "CAMPUS ADVOCATE"

ACADEMIC DISHONESTY IS A SERIOUS OFFENSE WHICH FREQUENTLY RESULTS IN SUSPENSION OR EXPULSION FROM THE UNIVERSITY

University College Students

University College students who wish to enroll at the College Park campus while continuing to pursue a degree program at University College must first obtain a letter of permission from University College.

In order to be eligible for a letter of permission, UMUC students must have completed a minimum of 15 semester hours of coursework with University College and have an overall grade point average of 2.0 for all University of Maryland coursework. In addition to the above, students who were previously enrolled at UMCP must have completed a minimum of 15 semester hours of coursework with University College with at least a "C" (2.0) grade point average *since* their last enrollment at UMCP and *not* have been denied reinstatement to the College Park campus.

Eligible students may request a letter of permission by calling or writing the UMUC Director of Admission and Registration Services in the Center of Adult Education, Room 0300, telephone 454-5858. Please request the letter at least two weeks prior to the date it is needed. Present the letter to registration officials at UMCP in order to complete your registration.

Remission of Fees for Faculty and Staff

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Personnel Office (Room 1129, South Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Personnel Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Tuition waiver forms for preregistered students must be received by campus personnel office by August 21, 1984.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

Commencement Honors

Honors for excellence in scholarship are determined by the highest 2% Summa Cum Laude, the next 3% Magna Cum Laude, and the following 5% Cum Laude of the GPA's of the preceding three graduating classes of each degree granting unit. To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. The computation of the cumulative grade point average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement. No student with an average less than 3.000 will be considered.

Tuition Waiver Policy

(Employee Spouse and Dependent)

The University Board of Regents has approved a partial tuition waiver policy for the spouse and dependent children of full-time University employees. The policy will provide a waiver of **one-third of the tuition charges only** for eligible students.

The Partial Tuition Waiver forms are available at each campus Personnel Department. The completed form is to be taken to the campus personnel office where the student's spouse or parent is employed for approval. The student copy of the approved form will be given to the student and should be maintained.

Tuition waiver credit will be posted to registered student's accounts only after completed Tuition Waiver forms are received by the Campus Personnel Department. If the student registers or adds additional courses after August 10, 1984, the student copy must be presented to the Bursar to ensure application of credit for partial tuition waiver.

If the student receiving the partial tuition waiver drops classes or withdraws from the University and is eligible for a refund, the refund computations will be made in such a way as to return the maximum amount to the tuition waiver account.

Guidelines to Administration for Examinations and Tests on Religious Holidays

Examinations and tests. All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the *Schedule of Classes and/or the Undergraduate Catalog*. Unpublished changes in the scheduling or location of class/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes tests and examinations

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. Examinations and tests may not be scheduled on Rosh Hashannah, Yom Kippur, or Good Friday.* An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given while the material is still current. The make-up must not interfere with the student's regularly scheduled classes. In the event that a group of students require the same make-up examination, one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

Veterans Benefits

Students attending the University under the Veteran's Education Assistance Act may receive assistant and enrollment certification at the Veterans Certification Office on the 1st floor of the North Administration Building. The Staff is available to assist regarding monthly educational assistance checks as well as other benefits such as tutoring assistance and vocational rehabilitation services. Telephone 454-3430.

Transcript Services

An unofficial transcript will be available with your preregistration materials each semester. This copy is for your personal use and serves as a way for you to check the accuracy of the record. At other times unofficial transcripts are not available unless required for on-campus advisement purposes for currently enrolled students. Division and College offices on campus have record information for purposes of changing Division/College, etc.

If you have need of record information for other purposes, please request an official transcript at the Registrations Office, North Administration Building. Official transcripts are generally processed within a week and on occasion, the same day. Request must be in writing. A transcript cannot be processed if an outstanding debt is owed to the University. Contact the Registrations Office (x5559) if you have further questions.

Shuttle-UM

Shuttlebus service and schedules can be picked up at the following locations: Stamp Union Information Desk, Commuter Affairs Office in the Stamp Union, and the Shuttlebus Office in Lot 7.

Look for UMaps posted around campus, and pick up copies at the Office of Commuter Affairs, 1195 Stamp Union.

Experiential Learning Programs

0119 Hornbake Undergraduate Library, 454-4767

What is Experiential Learning?
Experiential Learning Programs (ELP) offers three of the University's most exciting learning opportunities. Each is designed to give students the practical job experience in their major field which is invaluable for career advancement.

Cooperative Education
Cooperative Education is ELP's most intensive "learn by doing" program. Undergraduates alternate two semesters of full-time, fully paid, career-related work with semesters of full-time study. UMCP Co-op is a fast-growing, popular program that places students from any major except engineering with the area's leading federal agencies and private companies, most of which offer them permanent jobs after graduation. Credit can be earned for Co-op, as well.

Volunteer Service/Learning
Using the ELP listing of opportunities in over 800 different organizations in the area, students can arrange unpaid, not-for-credit placements that enhance their potential while benefitting society.

Internships
An internship is a paid or unpaid work experience that can be granted academic credit. Students use the extensive ELP listings to find their own placements, then enlist a faculty member to evaluate and assign credit to the work experience. A learning proposal assures that all parties understand what is expected. Students considering an internship under 386/387 should refer to the description of Office of Experiential Learning Programs in Section 2 of the Undergraduate Catalog for information on the regulations governing enrollment in these courses.

New Internship Policy
Beginning Spring, 1984, all students registering for field experience (_____386) and analysis of field experience (_____387) in any department must submit copies of their learning proposals to the Office of Experiential Learning Programs, 0119 Hornbake Library, by the fourth week of classes. Failure to do so may result in the cancellation of registration for these courses.

Change of Address Procedure

Change in either local mailing or permanent address can be processed AT ANY TIME DURING THE SEMESTER IN WHICH THEY OCCUR. Address changes are posted to the computer by the Office of the Bursar. Address Change Forms are available at the following places:

1. Office of the Bursar, Address Unit, South Administration Building, Room 1121 or 1103, 8:30 a.m. to 4:15 p.m., Monday-Friday.
2. Registration Counter, North Administration Building, First Floor Lobby, 8:30 a.m.-4:30 p.m. Monday through Friday.
3. Deans' or Provosts' Offices, 8:30-4:30 p.m., Monday-Friday

Since many University communications to students are handled through the mail, it is imperative that accurate and up-to-date addresses be maintained throughout the enrollment period. During the academic year the permanent address for currently registered students will be used for grade reports, combined preregistration schedules and bills, and other billings. The local address on file for currently registered students will be used for all other mailings. The permanent address on file for students not currently registered will be used for all mailings. Any student wishing his/her address to be kept confidential should contact the Registration Counter.

Change of Name Procedure

A change of name can be processed at any time during the semester in which it occurs. Name Change forms are available at the Registration Counter, North Administration Building, First Floor Lobby, 8:30 a.m.-4:30 p.m., Monday-Friday. Proof of name change (court order, marriage license, driver's license) must be submitted with name change form.

Office of Public Service

The Office of Public Service provides information referral to outside callers interested in using the resources of any of the University's five campuses. Help is available to staff and students too. Located in the Institute for Governmental Service, 2101S Woods Hall. Hotline number: 454-3000.

The program is also available to persons who are under 60 years of age and retired and disabled as defined by the Social Security or Railroad Retirement Act. When persons eligible for this Program apply for the Program or are newly admitted to the Program, they may register for credit courses as regular or special students in any session.

Tuition and most other fees are waived. The Golden Identification Card entitles eligible persons to certain academic services, including the use of the libraries, as well as certain other non-academic services. Such services are available during any session only to persons who have registered for one or more courses for that session. A card is issued after registration. For further information, please contact the Registrations Office, North Administration Bldg. 454-5559.

Identification Cards

New Photo Identification Cards will not be issued to students who currently have them.
Students who registered early for the Fall 1984 session will receive a new Registration Card along with their Class Schedule and Bill. This card will validate their Photo Identification Card. Both cards should be carried at all times.

Students who have not registered will receive identification cards when they do register.

Together the Photo Identification Card and Registration Card can be used by all students to withdraw books from the libraries, for admission to most athletic, social, and cultural events, and as a general form of identification on campus. Students who have food service contracts must use the Photo Dining Services Card for admission to the dining halls.

There is a replacement charge of $1.00 for lost or stolen Registration Cards and $7.00 for lost, stolen, or broken Photo Identification Cards.

Questions concerning the identification system should be addressed to the Office of Registrations (454-5365).

Financial Information

Tuition, Fees and Other Expenses

ALL STUDENTS WHO REGISTER FOR THE FALL SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY. Financial policy and fees are set by the University with the approval of the Board of Regents. The University of Maryland does not have a deferred payment plan.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full. If a student registers without proper financial clearance from the Office of the Bursar, his/her registration will be cancelled without further notice. If a student becomes financially ineligible after registering, his/her registration will be cancelled unless and until his/her account is paid in full by a prescribed date.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building if they are not certain their account is paid in full. This office is open from 8:30 a.m. to 4:15 p.m., Monday through Friday and until 6:00 p.m. on Wednesday. Students may also obtain their account balance by phoning 454-4832.

CHARGES INCURRED DURING THE SEMESTER ARE PAYABLE IMMEDIATELY.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester. For a student who is on board and who fails to resolve any outstanding balance, the severance of Dining Services means that the student will not be served meals until their student account is paid in full. No reimbursement will be made on meals not served during severance.

Severance Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Severance Fee.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF, NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection Costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

NOTE: STATE CENTRAL COLLECTIONS UNIT IS AUTHORIZED BY STATE LAW TO USE AN INDIVIDUAL'S STATE INCOME TAX REFUND AS AN OFFSET TO PAY INDEBTEDNESS TO THE STATE OF MARYLAND.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of his or her account.

[1]FOR BILLING PURPOSES UNDERGRADUATE FULL-TIME STATUS IS DEFINED AS A REGISTRATION FOR 9 CREDITS OR MORE.

[2]A STUDENT WHO HAS BEEN ADMITTED TO THE GRADUATE SCHOOL WILL BE CHARGED THE GRADUATE CREDIT HOUR FEE FOR ALL COURSES REGARDLESS OF THE LEVEL OF THE COURSE.

[3]A $5.00 FEE WILL BE CHARGED FOR SPECIAL COURSE REGISTRATION. THE AMOUNT OF $65.00 WILL BE CHARGED FOR ENROLLMENT IN TWO SPECIAL COURSES.

[4]ROOM AND BOARD CHARGES WILL BE DETERMINED BY THE UNIVERSITY BOARD OF REGENTS AT THEIR JUNE 1984 MEETING.

Billing Information

Bills for payment of fees are mailed in July 1984 to students who have registered for courses for Fall 1984. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN AUGUST 21, 1984 BY ALL REGISTERED STUDENTS. Accounts not paid by August 21, 1984 are delinquent and subject to referral to the State Central Collections Unit at Baltimore and/or cancellation of registration.

For student convenience, payment by mail is encouraged; however, payment also may be made at the Office of the Cashier, South Administration Building. Students may pay in person at the Office of the Cashier, 8:30 a.m. to 4:15 p.m. Monday through Friday, where they are required to present a Student ID Card with payment. Also students, if paying by personal check, may drop the payment in the Bursar's Mail Remittances hallway drop slot beside Room 1108, South Administration Building, at any time that the building is open. If a student uses the drop slot, the processed check will serve as a receipt. Be sure the Social Security number is clearly written on the check.

Periodically during the semester bills will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due ON RECEIPT. THE UNIVERSITY CANNOT ASSUME RESPONSIBILITY FOR THEIR DELIVERY.

Students who register after August 21 will be required to make full payment in person to the cashier by the close of business the following working day to avoid cancellation of their schedule and loss of their seats to other students. Mail payments, postmark dates, and use of "drop boxes" will not satisfy this deadline.

Students who have questions on their bills may obtain print-outs of their financial accounts by coming to Room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m. Monday through Friday.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the students directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transference of the account to the State Central Collections Unit. WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES, ADDING THE $25.00 SEVERANCE FEE, AND TRANSFER OF THE ACCOUNT TO THE STATE CENTRAL COLLECTIONS UNIT. A MINIMUM OF 15% COLLECTIONS CHARGES ARE ADDED AT THIS TIME.

CHANGES IN MARYLAND LAW ALLOW THE CENTRAL COLLECTION UNIT TO BLOCK ISSUANCE OF MARYLAND STATE INCOME TAX REFUNDS FOR INDIVIDUALS WITH DELINQUENT ACCOUNTS.

Financial Aid Information

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Courses taken as "Audit" cannot be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should see his/her financial aid counselor *before* taking such action.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Previously registered students' bills will be mailed. Students not registered will complete an estimated bill form at registration time. The following information may be helpful:

1. Scholarships, grants, & workships will be credited to student accounts. A check for any balance remaining after charges are paid will be available for those students receiving financial aid. NDSL's will be ordered in checks. Students who have not registered may pick up their financial aid checks after securing at least 12 credits on August 30 and 31, 1984. Students already registered may receive their checks on September 4 and 5, 1984. Before a check can be distributed, students must present proof of the required credit hours, their plastic transaction card or driver's license, and the Spring bill sent to their permanent address. If an awarded financial aid has not been credited on the preregistered bill, deduct the approved FA amount for the semester, and pay the balance due.
2. Students who receive scholarships, grants, or loans after classes have begun and who have paid their Student Account for the award period must request a refund in writing from the Office of the Bursar. The refund will take approximately five to six weeks to process after the credit balance appears on the account and the refund request is received.
3. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in the Office of the Bursar.)
4. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution chooses to send the check to the University directly. These checks are to be picked up at the Office of the Bursar, Room 1103, South Administration Building. Before a check can be distributed, the student must present proof of registration for the required credit hours. Student identification such as the plastic transaction card or driver's license, and the preregistration bill if applicable, must be provided.
5. Dining Hall cash jobs will be paid bi-weekly to student as work is performed.
6. Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.
7. College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.
8. STUDENTS WHO RECEIVE A NATIONAL DIRECT STUDENT LOAN MUST SUBMIT PROPERLY EXECUTED PROMISSORY NOTES AND ASSOCIATED FORMS. The loan credit cannot be posted to the student's account nor a check disbursed if the student has not turned in these forms.
   A student who has not received final approval of a financial aid award and accepted the award should not expect a credit on his/her bill nor a check at the time of registration. No deferment will be granted and the student should be prepared to pay his/her bill by the first day of classes unless financial aid has been awarded and accepted by the student.

Deferments for repaying NDSL loans require that students be registered at least half time: undergraduate students — 6 credits; graduate students — 24 academic units.

9. Students on financial aid who withdraw during a semester will receive a letter of warning advising them that a second such withdrawal may cancel their eligibility for aid in subsequent semesters. Students contemplating a second withdrawal, whether consecutive or non-consecutive, should consult a Financial Aid Counselor prior to the withdrawal.
10. The University will only make adjustments to financial aid awards (due to an increase in the credit hours taken to maintain the required 12 credit hours) until the beginning of the next spring semester for students attending the fall semester and June 30 for students attending the spring semester.

Guaranteed Student Loan (GSL) Information

The normal processing time for a GSL application is 8 to 10 weeks. In order for your GSL check to be available by the Fall 1984 semester payment due date, you should have completed your loan application with your bank 8 to 10 weeks prior to August 21, 1984. Pending GSL applications and promissory notes may not be substituted in lieu of payment. The University does not have a deferred payment program and payments for preregistered students for the Fall 1984 semester charges are due on or before August 21, 1984.

Withdrawal from the University

Cancellation of Housing/Dining Contracts is a separate process, see next column.

September 4 or later

1. All students should report to Room 1101, North Administration Building to complete a withdrawal form.
2. Withdrawal becomes effective on the date the form is filed with the Records Office. Stopping payment on a check does not constitute an official withdrawal.
3. Tuition credit will be initiated upon receipt of the Withdrawal Form. The percentage of credit is determined by the date the form is filed in the Records Office.
4. Refer to the chart below for refund information. Registration, Health, Athletic, Shuttlebus and Student Union and Recreation Fees are not refundable. A base figure of $617.00 for resident students and $1,893.00 for non-resident students is used in computing the amount of the credit adjustment after August 31. Credit adjustments for housing services not utilized are based upon the date of completion of residence halls checkout procedures and not upon the date of withdrawal from classes.
5. Be certain to return all books to the library and clear all financial accounts at the Office of the Bursar, South Administration Building. Refunds for credit adjustments will be authorized after all student financial aid adjustments have been processed and any balance remaining on the account has been deducted.

Dates for Refund of Tuition for Withdrawal from All Courses*

		Resident	*Non-resident*
On or before August 31	100%	$705.00	$1,981.00
September 4-17	80%	493.60	1,515.40
September 18-24	60%	370.20	1,136.80
September 24-October 1	40%	246.80	757.20
October 1-8	20%	123.40	378.60
October 9 and later	0%	0.00	0.00

*Students who have made no payment on their account at the time of withdrawal will be billed according to the above schedule.

Withdrawal and Refund of Fees

Charges for Room and Board are not refundable unless the student officially withdraws or is dismissed from the University and effectively completes **Residence Halls and/or Dining Services release procedures.** When the student completes the residence hall release procedures, charge adjustment will be computed based upon the requested release date and/or the date procedures for checking out of a room assignment are completed. Credits for housing services are made on a pro rata weekly basis.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A part-time or full-time undergraduate who drops MATH 001 will receive an 80% refund of the $100.00 fee if the course is dropped during the first five (5) days of classes and 0% thereafter. MATH 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

A part-time or full-time undergraduate student who drops COOP 208, 209, or ENCO 408, 409 will receive an 80% refund of the fee if the course is dropped during the first five (5) days of classes and 0% thereafter.

Refunds

To obtain a refund of a credit balance, a STUDENT must request the refund in writing. This can be done by: (1; addressing a letter to: Office of the Bursar, University of Maryland, College Park, Md. 20742, or (2) completing a request for refund form available at the Student Counter, 1103 South Administration Building and Withdrawal Office, Registrations Office and Student Aid Office, North Administration Building. NO CREDIT BALANCE IS AUTOMATICALLY REFUNDED. Approximately five to six weeks is required from the time a credit balance appears on the account and a refund request is received until a check is mailed from: The State Treasurer's Office in Annapolis. THE CHECK WILL BE MADE PAYABLE TO THE STUDENT and mailed to the address requested by the student on the refund form. Refund checks will not be mailed to a campus address.

Cancellation of Residence Halls and/or a Meal Plan

1. In order to receive a credit adjustment for the unused portion of a Resident Life or Dining Service agreement, a student must notify those offices in writing or in person.
2. The Dining Service I.D. Card must be turned in to the Dining Service Business Offices or $12.00 fine will be incurred.
3. A student who requests cancellation of his/her Dining Services Agreement must have the approval of the Department of Dining Services. If approved, there will be a $30.00 charge for cancelling the contract in addition to the prorated charge for meals.
4. The addresses of the Resident Life Department and Dining Services Office follow:

Assignments Office of Resident Life Room 3117 North Administration Building	Contract Office Dining Services Room 0144 South Campus Dining Hall

5. Resident Life credit adjustments are based upon the date written notice of cancellation is received, and/or the checkout date from the residence hall and in accordance with the applicable procedures outlined in the Residence Halls Agreement. No credit adjustments may be processed after the fourteenth week of classes in a semester.

Meal Plan Rates 1984-1985

The Fall 1984 Schedule indicating the prorated charge for meals will be published in the Second Edition of the Schedule of Classes in August.

On-Campus Housing Credit Adjustment Schedule

Charges for on-campus housing have not yet been determined. Charges will be published in the Second Edition of the Schedule of Classes in August. Approved charges are published to all resident students by the Department of Resident Life.

Academic Information

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

Retention and Graduation

The University has minimum requirements for retention and graduation. A complete statement of these requirements are located in the *Undergraduate Catalog*.

New Course Repeat Policy

A student may repeat any course; however, no student may be registered for a course more than three times. If a student repeats a course in which he or she has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the highest mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades. Under unusual circumstances, the student's Dean or Provost may grant an exception to this policy.

Outlined below are certain provisions of the ACADEMIC RETENTION PLAN. This material, which was prepared by the Undergraduate Advisement Office, is to assist you in schedule planning and schedule change. It is *not* meant as a substitute for a thorough reading of "Requirements for Retention and Graduation," as found in the *Undergraduate Catalog*.

Table I

The College Park Retention Plan is based on (1) QUALITY POINTS *and* (2) CUMULATIVE AVERAGE. Here's how to compute both.

(1) QUALITY POINTS (Q.P.'s): For each semester, Q.P.'s are awarded for grades of A, B, C, D, P, and S.

A Q.P. is the *numerical equivalency* of a *letter grade*. Course Q.P.'s are obtained by multiplying these numerical equivalencies by the number of credits the course has. To figure how many Q.P.'s you have earned, or expect to earn, for each of your courses, use the following table:

Q.P.'s given for expected or actual grade			Number of Credits in The Course	=	Total Quality Points for the Course
	A = 4				
	B = 3				
	C = 2	×			
	P = 2*				
	S = 2*				
	D = 1				
	F = 0				

EXAMPLE: Semester Schedule of 15 Credits —

Course	*Grades*	*Credits Earned*	*Q.P.'s*
ENGL 101	C	3	6
MATH 110	B	3	9
ZOOL 101	A	4	16
EDIN 101	P*	2*	4*
PSYC 100	D	3	3

*These count only in figuring your Q.P.'s for the semester. They are not counted in your cumulative average.

(2) CUMULATIVE AVERAGE: Your cumulative average is based on TOTAL CREDITS which you've been assigned a Grade of A, B, C, D, or F — and the TOTAL NUMBER OF QUALITY POINTS you've earned for these courses. (See Note below for Repeated Courses.) Courses for which a Grade of "P" or "S" has been assigned are NOT included. To figure your cumulative average do the following:

NUMBER OF Q.P.'s EARNED ÷ NUMBER OF CREDITS ATTEMPTED = CUMULATIVE AVERAGE

EXAMPLE: Semester Schedule of 15 Credits (See Example Above)

Course	*Grades*	*Credits Attempted*	*Q.P.'s*	*Cumulative Average*
ENGL 101	C	3	6	
MATH 110	B	3	9	
ZOOL 101	A	4	16	Q.P.'s Earned — 118
EDIN 101	P	(2)	(4)	÷
PSYC 100	D	3	3	Credits Attempted — 40
	Current Semester Totals	13	34	=
	Previous Semester Totals	27	84	2.95
	Total Credits	40	118	

Note: If you repeat a course that you took in the Fall Semester, 1973, or any semester since then, count only credits and quality points for the higher grade received for that course when figuring total credits attempted and total quality points.

Table II

MINIMUM QUALITY POINT REQUIREMENT:

If, at the end of Schedule Adjustment Period (First 10 days of classes) you are officially registered for:

12 or more credits	11-9 credits	8-1 credits
You must earn for this semester a minimum of:		
24 Quality Points	22 Q.P.'s for 11 credits	
24 Quality Points (On grades of A, B, C, D, P, and S. Marks of F, W, and I do not confer Quality Points)	22 Q.P.'s for 11 credits	For part-time students there is no minimum quality point requirement.
Note: See Table III, below for exceptions	20 Q.P.'s for 10 credits	
	18 Q.P.'s for 9 credits	Note: If you have completed 45 credits, you must fulfill the cumulative average requirement, below.

CUMULATIVE AVERAGE REQUIREMENT:

If at the end of last semester, your total number of credits completed was 45* or more, then at the end of this semester you must have:

The Minimum Quality Point Requirement (Full-time Students — 9 or more credits) *and* A Cumulative Grade Point Average of 1.95 (Full-time *and* Part-time Students)

*On your grade report for last semester, add "hrs. attempt." and "transfer credit level" and pass-fail courses to see if you have 45 or more.

Credits completed with grades of A, B, C, D, and F, but not S, W, P or I will be used in the computation of the cumulative average.

If these requirements are not met, Academic Probation will result. Two consecutive or four non-consecutive semesters of Academic Probation will result in Academic Dismissal.

Table III

Are you registering at the College Park Campus for the *First Time*? If so, then here's what you need to earn in your first semester for the Retention Plan:

A. FULL-TIME FRESHMAN[2] with no more than 8 credits earned through prior college/university	B. FULL-TIME TRANSFER[3] STUDENT with 44 or fewer credits accepted for transfer —	C. FULL-TIME TRANSFER STUDENT with 45 or more credits accepted for transfer —
18 Q.P.'s	18 Q.P.'s	1.95 Cumulative Average

Note: To meet this requirement, students registering for 12 or more credits would have to earn at least 24 Q.P.'s. Students registering for 9 credits would have to earn 18 Q.P.'s; 10 credits — 20 Q.P.'s; 11 credits — 22 Q.P.'s.

[2](i.e., students registered for 9 or more semester hours)

[3]"Full-Time Transfer Student" includes students transferring from other University of Maryland campuses. Grade Point Averages, Semester Hours Attempted, Semester Hours Earned, and Quality Points from the other campus(es) are included in all College Park calculations.

Marking System

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Office, that an actual mistake was made in determining or recording the grade.
2. Students are advised to refer to the 1982-83 Undergraduate Catalog for a complete statement of the Marking System. The *Procedures for Review of Alleged Arbitrary* and *Capricious Grading* adopted by the Board of Regents on March 12, 1982, effective with the Fall, 1982 semester also appears in the catalog.

Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or can be prepared by the department granting the credit.

Additional information regarding availability of examinations, applications, fees and other regulations is available from the Undergraduate Advising Center, Room 3151 Hornbake Library.

Undergraduate Pass-Fail Option

1. An **undergraduate** who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's

permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: Changes of grading option (e.g., Regular to PASS-FAIL) may be processed only during the first ten days of classes.

GRADUATE — Not eligible for the PASS-FAIL grading option.

Divisional Requirements

Agricultural & Life Sciences: minimal requirements include:

1. *Chemistry:* any one course in chemistry numbered 102 or higher.
2. *Mathematics:* Math 110 or equivalent.
3. *Biological Science:* any one course carrying three or more credits selected from offerings of the Departments of Botany, Entomology, Microbiology or Zoology, or any interdepartmental course approved for this purpose by the Division.

Mathematical & Physical Sciences & Engineering: No divisional requirements.

Behavioral & Social Sciences: No divisional requirements.

Arts and Humanities: The divisional requirements for the Bachelor of Arts degree from the Division of Arts and Humanities are as follows. Students must:

1. Distribute their courses so that they successfully complete a minimum of 45 semester hours at the 300-400 course level.
2. Demonstrate proficiency in a foreign language equivalent to the level achieved by successfully completing the first 12 semester hours study of a foreign language. Students can satisfy this requirement if they have successfully completed level four in high school in one foreign language or level two in each of two foreign languages. Students may not take foreign language courses taught in English translation to satisfy the requirement.
3. Successfully complete one of the following courses in speech communication: SPCH 100, 107, 125, 220, or 230.
   Students who have successfully completed a full unit of speech in high school will satisfy the speech requirement.

Human and Community Resources: No divisional requirements.

Note: Courses completed in fulfillment of divisional requirements may *not* be counted in fulfillment of General University Requirements. This regulation does not apply to students completing University Studies Program.

Division/College/Major (Course of Study) Changes

Undergraduate Students Only:
Division, College, and Major (Course of Study) changes may be made at any time, the only restrictions being Board of Regents limitations on enrollment. However, students contemplating a change to the School of Architecture, the College of Business and Management, the College of Engineering, the Recreation Department, or Computer Science Department should contact the Office of Undergraduate Admissions, 454-4009, for additional information regarding the special requirements for entrance into these programs.

If you wish to make a change in your Division, College, and/or Major (Course of Study):

1. Go to a Division/College office or the Registrations Office, first floor lobby, North Administration Building, to obtain the Division/College/Major (Course of Study) Change Form. Division/College office locations are listed below.
2. Complete the information requested on the form. (All necessary information is on the form.)
3. Take the completed form to your new Division if you are changing Divisions or to your new College if you are changing Colleges. If you are changing Major (Course of Study) only, take completed form to your present Division or College.

Graduate Students Only:
If you wish to change programs or degree objectives, you must submit a new application with fee to the Graduate School. Current deadlines for new applications apply.

Foreign Language Placement

Arts and Humanities Requirements: If a student has had four years of one foreign language or two years in each of two foreign languages as recorded on his/her high school transcript, he or she is not required to take any foreign language in the division, although he or she may elect to do so. However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

Classics Department: Students who have had Latin in high school are encouraged to work at the highest level of which they feel capable. The departmental advisor, Professor Gregory Staley (Foreign Languages Building, Room 4210) will help students identify the appropriate courses in which to enroll. Normally students with less than one year of high school Latin take LATN 101. Those who enter with a full year of high school Latin register for LATN 102; with two full years, LATN 203. College credit is given to students who have earned a 3, 4, or 5 on the Advanced Placement Test in Latin.

French Department: Students registering for the first time on this campus for French language courses in the basic and intermediate sequence (100 level and 201 and 211) are *urged* to take the departmental placement examination. Students interested in taking the exam must go to room 3106D of the Juan Ramon Jimenez Building (Language Building) during the week of registration. Instructions will be given at that time as to how to proceed with the examination. Those wishing to register without taking the exam may find the following guidelines helpful: FREN 101 for those with less than two years of French; FREN 103 or 104 for those with two years or more. DO NOT REGISTER FOR FREN 102 UNLESS YOU HAVE HAD FREN 101 ON THIS CAMPUS. As FREN 101, 103 and 122 (Accelerated French) treat similar material, credit will normally be granted for only *one*. "Audit," however, is permitted. Likewise, credit will normally be granted for FREN 104 *or* FREN 122 (Accelerated French II), but not for both. Again, the option of "Audit" remains open. CEEB French Achievement tests scores will be accepted on an equivalent basis with the placement exam.

Spanish Department: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the placement exam if (1) they feel uncertain of their ability to take Spanish 203 or (2) they wish to be exempted from Spanish 203. Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's placement exam. A student with two or more years of high school Spanish may take Spanish 101 for credit provided he or she registers for the appropriate section. Students who feel uncertain of their ability to take Spanish 203 may choose to take Spanish 103 (a one semester review course) without taking the University placement exam. If a student has credit for 101 & 102 he or she may not receive credit for 103 also. Spanish students placing in 103 must complete 203 to satisfy the divisional language requirement. Students placing in 203 are required to complete 203 only. Students placing above 203 or who have taken the equivalent of 203 at another institution, are deemed to have satisfied the language requirement.

German and Spanish Placement Exam Schedule:
During the semester there will be placement testing in Room 0106, Shoemaker Building. To be admitted for testing, students must have a picture I.D. Testing during Registration will be Tuesday, January 24 and Wednesday, January 25 at 3:00 p.m. in the Testing Room, Shoemaker Building. Bring a picture I.D. in order to be admitted. All other times call R. Williams (x4752) for appointment.

General University Requirements (G.U.R.)

Students who began baccalaureate study prior to May, 1980 may elect to complete these requirements rather than the University Studies Program requirements. (See page 25.)

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

1. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (See Pass-Fail Option).
   Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.
   Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences; Human and Community Resources.
   Area C: 6-12 hours in the Division of Arts and Humanities.
   In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.
2. New freshman students who entered the University during Summer Session, 1978, or who were admitted for Fall semester, 1978, must complete six credits of English composition. The specific required courses are ENGL 101 *and* ENGL 391 or 393. Exemptions based on SAT-VERBAL scores and ADVANCED PLACEMENT scores are allowed. Questions about exemptions for individual students should be referred to the English Department, extension 4160.
   Only three credits of the required six credits in English Composition may be applied toward fulfilling General University Requirements. When used, these three credits may be *in addition to* the twelve-credit maximum in Area "C." None of the composition credits, however, may be used to satisfy the minimum six-credit requirement for Areas "A," "B," "C," *or* the nine-credit upper division requirement.
   The English Department strongly advises entering freshmen to fulfill the first composition requirement during their first year of coursework. Since junior standing is a prerequisite for ENGL 391 and 393, students should register for the second semester of composition only after having earned fifty-six semester hours of credit.
   To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

MUED: Same as ARTE

NOTE: Students who began baccalaureate study after May, 1978 must complete the English composition requirement specified in the Fundamental Studies section of the University Studies Program (see page 19). Only three hours of this six hour requirement may be used to satisfy General University Requirements.

The University Studies Program

Virtually all American colleges and universities ask that students receiving a baccalaureate degree complete a common set of requirements. These common requirements are usually referred to by the generic term "general education." General education requirements represent a faculty's definition of the knowledge, awarenesses and skills that all graduates should possess before that faculty will give its consent to the awarding of a degree. General education is that portion of the degree requirements in which the entire faculty has a concern.

The University Studies Program is the general education requirement at the University of Maryland, College Park. This program must be completed by all students beginning baccalaureate study after May, 1980. It is intended to provide students with the intellectual skills and conceptual background basic to an understanding of the universe, society and themselves. The focus is not on any particular bodies of knowledge, for almost any subject matter can lead to an awareness of general modes of understanding the world. Thus, for example, it does not matter whether the student studies physics or botany as long as he or she comes away from the course with some understanding of the power of the empirical investigation that characterizes science.

The University Studies Program has three parts. The "Fundamental Studies" section of the program is intended to establish the student's ability to participate in the discourse of the university through demonstrated mastery of written English and mathematics. Those requirements are to be completed early in the student's program in order to serve as a foundation for subsequent work.

The "Distributive Studies" requirement is intended, through study in particular disciplines, to acquaint students with the different ways of analyzing and talking about the world that characterize the three areas into which the university's knowledge is traditionally divided: the physical and biological sciences, the social and behavioral sciences, and the arts and humanities. The fourth category, "History and Culture," includes courses that lead to the consideration of historical and cultural differences and the relationship of our own society to those of other times and places.

In fulfilling "Distributive Studies" requirements, students will have gained some experience of the way in which scholars in different kinds of disciplines make and organize observations about the world and arrive at general statements. It is the purpose of "Advanced Studies" courses to show how these different intellectual approaches compare with each other or may be used in complementary ways to analyze and solve problems. "Development of Knowledge" courses deal with the basis upon which people who use these different approaches claim to know something and the different kinds of insights to which these intellectual strategies lead. "Analysis of Human Problems" courses consider these matters in terms of specific cultural, social, scientific or aesthetic problems which may be approached from several points of view.

The University Studies requirements, designed to be spread throughout the student's four years, represent a third of the total academic work required for graduation. It is the purpose of this program, in combination with the extensive work of the major, to help prepare students to become productive, aware and sensitive members of society, capable of understanding their world and the many kinds of people in it and of taking responsibility for their own decisions and their own lives.

Outline of the Program

These requirements are effective for students entering in May, 1980 and thereafter, with 8 or less credits from this or any other institution. Students with 9 or more credits from this or any institution prior to May, 1980, may elect this program or the old General University Requirements.

I. FUNDAMENTAL STUDIES — 9 credits (Except for ENGL 391 or 393, must be completed by the time student has completed 30 credit hours).
   A. English Composition — 6 credits
      1. ENGL 101 — 3 credits
         a. Students with the SAT verbal below 330 take ENGL 101A.
         b. Students with AP score of 4 or 5, or SAT verbal of 600 or above are exempt.
         c. Students who achieve a score of 51 or above on the CLEP Subject Examination College Composition (with essay questions) are exempt.
      2. ENGL 391 (Junior Level Expository Writing) or 393 (Technical Writing) — 3 credits
         a. Must be taken *after* student has completed 56 credit hours (i.e., has reached junior standing).
         b. Students with SAT verbal 700 or above or A in ENGL 101 or AP of 4 or 5 are exempt.
   B. Mathematics — 3 credits
      MATH 110 (or the modular equivalent MATH 102-3-4) or MATH 115.
      1. Students with the following minimum examination scores or higher are exempt:
         a. SAT 600
         b. College Board Achievement Tests in Mathematics, Level I or II: 600
         c. Advanced Placement Examinations, Calculus AB or BC: 3
         d. Any CLEP *Subject* Examination in Mathematics: 60
      2. Successful completion of any of the following higher level entry courses than MATH 110: MATH 111, 140, 141, 150, 151, 220, 221, 240, 241, 246, 250, 251; STAT 100, 250.

II. DISTRIBUTIVE STUDIES — min.: 24 credits
   A. Culture and History (min.: 6 credits, 2 courses)
   B. Natural Sciences and Mathematics (min.: 6 credits, 2 courses)
      One course must be a laboratory science.
   C. Literature and the Arts (min.: 6 credits, 2 courses)
      Courses must be taken in two different departments.
   D. Social and Behavioral Sciences (min.: 6 credits, 2 courses)

III. ADVANCED STUDIES — 6 credits
   This requirement may be fulfilled only *after* the student has completed 56 credit hours. It is intended that, in fulfilling this requirement, students choose courses that offer a contrast to the major rather than supplementing it. Courses to fulfill these requirements must be from two different departments outside the department of the student's major.
   A. The Development of Knowledge (1 course, 3 credits)
      Courses which focus on the creation, discovery, exploration, testing and evaluation of knowledge in one or more disciplines.
   B. The Analysis of Human Problems (1 course, 3 credits)
      Courses which focus on the application of knowledge from one or more disciplines to the study of important human problems.

A course taken to satisfy divisional, college, major, and/or supporting area requirements may also be used to satisfy University Studies Program (USP) requirements if it appears on the following list of approved courses for USP.

Courses chosen to meet DISTRIBUTIVE STUDIES requirements and ADVANCED STUDIES requirements may be taken on a PASS-FAIL basis. Since certain USP courses which are also used to satisfy divisional, college, major, and/or supporting area requirements may NOT be taken PASS-FAIL, students are urged to see an advisor before selecting this grading option. Courses used to satisfy USP FUNDAMENTAL STUDIES requirements may NOT be taken using the PASS-FAIL grading option.

ADVANCED STUDIES: Approved Courses

The courses described below have been approved for Advanced Studies credit and are being offered in the Fall semester, 1984. Many other courses have also been approved and will be offered in subsequent semesters. A list of those courses and their titles follows the Fall course offerings.

DEVELOPMENT OF KNOWLEDGE

AMST 418E — CULTURAL THEMES IN AMERICA: THE AMERICAN IMAGE OF AFRICA. By focusing attention on American ideas about Africa, this course traces the origins of American stereotypes of Africa and their development, especially during the late nineteenth and early twentieth centuries. Through a systematic analysis of American perceptions of Africa, the most significant bodies of contemporary information available concerning the continent are examined: the written accounts of Americans who actually were travelling to Africa, and the numerous kinds of secondary sources published in America about Africa.

ANTH 389C — CULTURE AND PERSONALITY. Anthropologists have long been interested in the relationship between the individual and society, as well as in cross-cultural differences in personality types. To what degree is our behavior learned, and in what ways might it be biologically inherited? Do nations have unique character traits? What are the stages of socialization by which individuals learn to be adult members of their community? Emphasis will be on biography, including anthropological life history and other material. Focus will be on determining the ways in which information pertaining to the events of individual lives contribute to our understanding of the human condition. Grading based on take-home essay exams and final paper. Prerequisite: ANTH 102 or 221 or related course in the social sciences or permission of instructor.

ANTH 401 — CULTURAL ANTHROPOLOGY: PRINCIPLES AND PROCESSES. A critical examination of the ways in which anthropologists view themselves and the peoples they study. This course focuses attention on the general principles which guide anthropological inquiry and on the processes involved in working in other cultures. Brief take home exams and final paper required. Prerequisite: ANTH 102 or 221 or related course in behavioral and social sciences.

ANTH 451 — ARCHAEOLOGY OF THE NEW WORLD. This course offers a survey of archaeological research in North and South America. Material will include prehistoric settlement of the Americas by Indian peoples as well as historical events related to the colonization and development of the two continents. Included will be a special section devoted to the archaeology of Maryland. Emphasis will be on the way theories of the past have influenced our thinking about our heritage and our concept of the present. Texts include *In Small Things Forgotten: The Archeology of Early American Life* and *A History of American Archeology*. Prerequisite: ANTH 101 or 241 or equivalent course in a related field and permission of instructor.

ASTR 300 — STARS AND STELLAR SYSTEMS. Studies the properties of stars both individually and in aggregate. Some questions addressed are: How can we determine the properties of stars, including the conditions in the deep interior? How does a star change with time and how can this be checked when the evolution occurs on a scale of hundreds of millions of years? What finally happens to stars — white dwarfs, supernovae, neutron stars and black holes? How do we deal with physics in extreme conditions? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 330 — SOLAR SYSTEM ASTRONOMY. Studies the components of the solar system and the properties and evolution of the system as a whole. Some questions addressed are: How can one set up a comparative scheme for studying the planets? Why are the makeup and state of the planets so different? How can various pieces of information be fitted together to determine how the solar system formed and how it evolved? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 340 — GALAXIES AND THE UNIVERSE. Studies the large scale structure of the Universe and its major components, the origin and evolution of the Universe. Some questions which are addressed are: How can we determine properties of extremely distant objects? Why do we believe the Universe is evolving and how can we find out about conditions at the earliest epochs? How do we interpret data from outside the visible light range and how do we use this to study such objects as giant radio galaxies, exploding galactic nuclei and quasars? Prerequisite: ASTR 100 and the completion of Natural Sciences and Mathematics requirement.

ASTR 380 — LIFE IN THE UNIVERSE. Studies the astronomical perspective of the probability of life existing elsewhere in the Universe. Some questions to be addressed are: How can we assess the astronomical scene to determine whether other solar systems exist and what conditions are likely to prevail there? What are the conditions necessary for life to arise? How can one test for the presence of life elsewhere? If there is life elsewhere, how can we communicate with them? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ECON 402 — BUSINESS CYCLES. Examination of the growth patterns of the American economy and how computer models can be used to represent the structure of the economy and to analyze how fiscal and monetary policies affect economic performance. Modeling techniques will be illustrated by allowing the student to use and modify an existing computer model in class. A computer background is not required. Prerequisite: ECON 430.

EDCI 488N — LEARNING STYLES AND LEARNING ENVIRONMENTS. An opportunity to examine your own style of learning through self-report instruments and how you function in different learning environments through direct experiences and reflection. Prerequisite: completion of Social and Behavioral Sciences requirement.

EDMS 451 — INTRODUCTION TO EDUCATIONAL STATISTICS. Introduction to Statistics is designed for the student interested in the application and interpretation of statistics to a variety of problems in the social sciences (e.g., education, nutrition, science, criminology). Students are taught specific statistical techniques (e.g., mean, variance, t-tests) as well as critical appraisal of the strengths and limitations of those techniques. Prerequisite: completion of the Social and Behavioral Sciences requirement. NOTE: Students who have credit for PSYC 200, ECON 421, BMGT 230/231, GVPT 422, GEOG 305 or SOCY 201 **cannot** receive credit for EDMS 451. Students who wish to use EDMS 451 in lieu of one of the above must receive approval from their department academic advisor.

ENGL 379A — SPECIAL TOPICS IN LITERATURE: STUDIES IN MYTHMAKING. Examines mythic thinking and figuration as a way of organizing and dealing with the world, and as a mode of creative perception far removed from our present mode of logical, rational analysis of data. Uses key selections from the Bible as familiar concepts and archetypal figures of northern European mythologies and compares them to the secondary, imaginative mythology of Tolkien's *The Silmarillion*. Prerequisite: two lower level English courses.

ENGL 379J — SPECIAL TOPICS IN LITERATURE: READING THE BIBLE: PROBLEMS OF INTERPRETATION. Investigates the ways that the Bible has been read from the perspectives of a variety of disciplines through history. The course begins with the traditional religious way of reading the Bible and how the Patristic reading contrasts with Rabbinic understanding. The Higher Biblical Criticism is then examined as a reflection of 19th century historicism and science. The course concludes with modern readings of the Bible, including psychoanalytic, structuralist, anthropological, and literary interpretations. Prerequisite: Two lower level English courses.

ENGL 379N — LITERATURE OF SENTIMENT & SENTIMENTALITY. Treats the beginning of the Romantic Movement in England, presenting major works of poetry and prose against the background of the Industrial Revolution, the French Revolution, and the growth of nationalism. The underlying question in the course, however, is how our view of the world around us, and our presentation of human experience, has been influenced by the Romantic Revolution. Prerequisite: Any two freshman or sophomore English courses with the exception of ENGL 294.

ENGL 453 — LITERARY CRITICISM. Studies the problems of linguistic meaning and knowledge, especially as they involve literature. Around the question of "what is literature?" the course explores the nature of a text, the validity of interpretation, and, in general, the relationship between reality, language, and the literary work of art. Signification, truth, and the act of reading are considered in the process of examining the nature and value of literature. Prerequisite: two lower level English courses.

GEOG 370 — PRINCIPLES OF CARTOGRAPHY. Techniques and problems of compilation, symbolization, design and construction of special purpose maps. Focus will be on the methods of improving map design based on the organization of map components and the proper selection of symbols. Lecture/Laboratory.

GERM 349 — THE HOLOCAUST IN FILM AND LITERATURE. Among the most compelling of modern literature is that body of writings dedicated to recording, interpreting, and evaluating the attempted Nazi genocide of the Jews. Different in effect but also of considerable significance are the documentary and commercial films that attempt to present the Holocaust experience. The course encourages students to reflect on the profound questions raised by the depiction of unprecedented extremes of human behavior. Prerequisite: None.

GERM 479B — LANGUAGE AND SCIENCE. When does a discipline become a science? How is something as amorphous, abstract, "soft" as language studies scientific? This course focuses on the recent history of the study of language (linguistics) as an example of the maturation of a "science." The basic principles and methodology of modern linguistics are studied with an eye toward understanding the influence of modern scientific methodology on traditional "soft" sciences and, conversely, appreciating the importance of the study of language for modern science. Prerequisite: Completion of either the Natural Science and Math or the Behavioral and Social Sciences requirement as well as some experience with linguistics or foreign language learning.

GNED 301 — THE ARTS AND THE SCIENCES. The core of this course is comparison of the way in which scientists and creative artists think about and represent the world as they observe it. All readings and artistic works considered are readily understandable to a general audience and include items ranging from Charles Dickens' *Hard Times* to James Watson's *The Double Helix*, from Shakespeare's *A Midsummer Night's Dream* to Freeman Dyson's *Disturbing the Universe*. Prerequisite: completion of all Distributive Studies requirements.

GVPT 442 — HISTORY OF POLITICAL THEORY: RECENT AND MODERN. A theory course designed to introduce students to some of the central figures in western political theory since the fifteenth century. Through readings of the original texts and class discussion, the student will confront some major problems that have preoccupied political philosophers such as Machiavelli, Hobbes, Locke, Rousseau and Marx. Special attention will be given a discussion of "What is human nature?" and "What is the relationship of the individual to the state?" Prerequisite: GVPT 170.

HEBR 498R — RECONSTRUCTING ANCIENT CIVILIZATIONS: THE CASE OF MESOPOTAMIA. What do we know of ancient civilizations? How do we know it? This course examines how archaeology and written documents enable modern scholars to reconstruct the civilizations of the ancient Near East. Prerequisite: One course in ancient or medieval history or one course in a foreign literature.

HLTH 498T — WAYS OF KNOWING ABOUT HUMAN STRESS AND TENSION. A critical examination of assumptions related to stress and tension via selected methods in the life sciences, the behavioral sciences, and the arts and humanities. The course attempts to render clear, (1) the kinds of questions most suitably addressed to each of the three areas of study, and (2) the approaches to knowledge that are typical of each. The major goal is to help the student attain a position of responsibility with respect to what he or she knows about stress. Prerequisite: HLTH 285 and completion of the Literature and Art component of the Distributive Studies requirement.

MATH 310 — INTRODUCTION TO ANALYSIS. The course is designed to introduce students at a fairly elementary level to two fundamental aspects of the development of mathematics. These aspects are the concepts identified with "proving" mathematical statements and foundations of analysis. The idea is not to present formal logical systems, but rather to give pragmatic approaches to doing mathematics. Prerequisite: MATH 141.

MATH 406 — INTRODUCTION TO NUMBER THEORY. Gives an introduction to one of the most ancient subjects of human thought: the properties of the natural numbers 1, 2, 3 . . . The natural numbers have always fascinated people, from the mystic to the layman to the scientist, and this topic has through the ages been a most popular topic for "amateur" mathematics. Prerequisite: MATH 141 or 221.

MUSC 340 — MUSIC LITERATURE SURVEY I. This course highlights inquiry of sound through student involvement in the compositional process. The goal is conceptual understanding, gained through first-hand and direct experiences in composing, conducting, performing, and listening. The teacher's role is to guide, rather than dictate, student exploration, discovery, and evaluation of the totality of the musical art. Prerequisite: MUSC 130, or MUSC 140, or permission of instructor.

PHIL 310 — ANCIENT PHILOSOPHY. Major Greek philosophers through Aristotle, studies in the context of the intellectual revolutions in classical Greece that have shaped western thought ever since. The contrast between mythological and scientific explanations, the emergence of philosophy as a separate discipline, the idea of scientific knowledge, criteria for separate sciences and the possibility of a metaphysical science, interplay between scientific developments and philosophical theories, the creation of logic, and moral theory. Prerequisite: one philosophy course.

PHIL 331 — PHILOSOPHY OF ART. Studies the concept of art in the broad sense covering painting, sculpture, music, poetry, and architecture (and arguably other things). Reviews the long development and the current vexed condition of the concept; considers especially the role of knowledge of various sorts and in various senses in the emergence of the "fine arts." Also the phenomenon of the avant-garde and the so-called disintegration of the concept of art in recent times. Ends with the current art scene including both fine and popular, major and minor, mainstream and fringe arts and art works, attempting to develop a theory of art which does justice to the variety of artistic phenomena. Theorists read will include Plato, Aristotle, Lessing, Schopenhauer, Collingwood, Tolstoy, Bell, Greenberg, Danto, Wollheim. Prerequisite: two art courses or one philosophy course.

PHIL 332 — PHILOSOPHY OF BEAUTY. Reviews the literature on beauty and related values (the sublime, the exquisite, the graceful, the harmonious) from Plato to the 20th century, culminating in a contemporary theory which ranges over beauty both natural and man-made, whether sensuous, intellectual or moral. Makes a serious effort to develop an intelligible basis for aesthetic judgements, including an explanation of why there is so much disagreement. Course work includes student projects of aesthetic discernment and evaluation. (Not open to students having taken PHIL 330 with Brown.) Prerequisite: two art courses or one philosphy course.

PHIL 334 — PHILOSOPHY OF MUSIC. The objective of this course is to examine music from a philosophical point of view. We will attempt to clarify concepts central to thinking about music intelligently, and to formulate reasoned views regarding the nature, methods, power, and purpose of music. Readings will be drawn from the philosophers, composers, music theorists. Some of the questions we will take up are these: What is music? What sort of thing is a musical composition? What characterizes the creation of music? Does music move or flow? What does understanding music amount to? What is the role of performance in music? In what sense does music have meaning? Can it express emotional states, and if so, how? Can music convey knowledge, and if so, how and of what? Is the description of musical qualities an objective matter? What are the grounds of musical evaluation? Prerequisites: One course in either music or philosophy.

PHIL 447 — PHILOSOPHY OF LAW. A primary objective of this course is to do critical philosophical thinking about law in general and about law as it applies to particular types of behavior. For example, we will be interested in knowing whether there is an area of private behavior that is beyond the proper authority of the law to limit or regulate; whether legislators properly have the authority to forbid certain actions on grounds that the actor would otherwise be likely to do irrational and self-harming things; and whether there is a defensible rationale for assigning legal liability for damage negligently caused. Other issues in the philosophy of law are: the nature of a legal system; legal reasoning; and the various connections between law and morality. Readings from philosophers and jurists in *Philosophy of Law*, Feinberg and Gross (eds.). Prerequisite: one philosophy course.

PHIL 450 — SCIENTIFIC THOUGHT I. This course, together with Scientific Thought II, is a critical survey of the historical development of science and interpretations thereof, with discussions at each stage of how the cases examined throw light on the nature of scientific method and knowledge claims, and how these questions about science and its interpretation were related to broader philosophical issues of the thinker or period concerned. Scientific Thought I deals with Ancient and Medieval Science, covering the following major topics: pre-Socratic philosophy, Plato (with focus on the *Timaeus)*, Aristotle (with focus on the *Physics, On the Heavens,* and *On Generation and Corruption),* Stoic physics and cosmology, and medieval developments and criticisms of Aristotle. Among the areas covered are: cosmogony, cosmology and astronomy, theories of matter, theories of knowledge, relations of the foregoing to other aspects of the philosophies in question. Prerequisite: three courses in science or philosophy.

PHIL 454 — PHILOSOPHY OF ECONOMICS. To the philosopher and layman curious about the nature and prospects of the social sciences, economics is of particular interest, since it appears to be the most "advanced" of the social sciences. Is economics in fact a model social science? Does it show how to acquire and perfect our knowledge of the social sciences? Is economics a science? What is its logical structure? Does it provide us with reliable knowledge? For the economist, systematic philosophy, in turn, is of great importance because of the methodological peculiarities of economic theories. What is one to say of a theory whose "laws" appear to be false? Do philosophical accounts of theories, laws, evidence and so forth in the natural sciences apply to economics? Or do economic theories differ in some fundamental ways from theories in the natural sciences? Readings from philosophers and economics theorists. Prerequisites: ECON 203 or 205.

PHIL 455 — PHILOSOPHY OF THE SOCIAL SCIENCES. Scientific investigation of human beings in their social and psychological lives gives rise to a number of philosophical puzzles. Do social and psychological phenomena require different methodologies and scientific standards than those employed in the natural sciences? How adequate are the various disciplinary and methodological approaches encountered in the social sciences? What are the relative merits of "grand theories" vs. "middle range" ones? How objective are various standard social science research techniques? These and other issues will be considered in the context of specific social science research studies as well as in the abstract. Prerequisite: one course in philosophy or two courses in the social sciences.

PHIL 458A — PHILOSOPHICAL ISSUES IN QUANTUM THEORY. This course departs from a consideration of basic postulates of classical physics and philosophical views associated with them. The major reasons for rejecting those physical and philosophical views will then be considered. Alternate interpretations of quantum theory will be examined critically, along with their epistemological and metaphysical implications. The aim is to gain insight into problems concerning the nature of human knowledge and the ways it is obtained. Prerequisites: two courses in physics or permission of instructor.

PHYS 420 — PRINCIPLES OF MODERN PHYSICS. A one semester introduction to the major revolutions in twentieth-century physics: the special theory of relativity and quantum mechanics. The experimental evidence and the changes in our understanding of the universe that they produce will be examined, including such topics as the Lorentz transformation and relativistic dynamics, the uncertainty principle, atomic spectra, Schroedinger's equation, spin, and quantum statistics. Appropriate for engineers and scientists. Prerequisite: PHYS 263 or 294, or PHYS 404, 405; and MATH 241 and 246.

PHYS 421 — INTRODUCTION TO MODERN PHYSICS. The first half of a one-year course dealing with the most important developments in twentieth-century physics. Includes a review of the special discovery of relativity, and a discussion of quantum mechanics, its foundations, and its application to one-electron atoms. The second semester continues these discussions, with applications to complex atoms, molecules, solids, nuclei, and elementary particles. Appropriate for scientists and engineers. Prerequisite: PHYS 294; MATH 241, and some knowledge of ordinary differential equations.

PHYS 499F — TWENTIETH CENTURY PHYSICS. A discussion of the foundations of the profound changes in our understanding of the world that came about as a result of a number of fundamental discoveries in physics. Includes relativity and the dilation of time, the wave nature of particles, and the quantum nature of waves. Phenomena discussed range from the atomic nucleus, to black holes, to the

creation of the universe. Consequences include transistors, lasers, and controlled nuclear fusion. Prerequisite: one year of algebra-based physics, such as PHYS 121, 133. Not recommended for majors in anyof the physical sciences.

WMST 400 — THEORIES OF FEMINISM. This course seeks to acquaint students with a variety of explanations for the woman's position in the family, the workplace, and society and a variety of solutionsfor increasing female autonomy, self-definition, and power. Major feminist writings are considered in the context of their historical moment and in the context of the intellectual traditions — liberalism, radicalism, socialism — to which they relate. Prerequisite: Lower-level WMST course or instructor's permission.

ZOOL 328B — BIOLOGICAL ISSUES AND SCIENTIFIC EVIDENCE. Purpose is to acquaint students with the process of scientific inquiry in biology, through consideration of conflicting analyses of information used in developing particular interpretations of (1) evolution vs. creation science; (2) measurement of human intelligence. Introductory material considers the provisional nature of scientific knowledge. Evolution and creation science viewpoints are explored in depth. Intelligence testing is viewed from historical perspective of its origins in 19th century craniometry and subsequent development of intelligence tests. Prerequisite: introductory biology or permission of instructor.

ANALYSIS OF HUMAN PROBLEMS

AEED 323 — DEVELOPING YOUTH PROGRAMS. The problems (interests and concerns) of youth today are complex. What kinds of nonformal (out-of-school) educational programs exist to serve youth? Are these programs adequate? Could they be improved? How? This course 1) analyzes youth's personal and program needs outside schools, 2) examines how programs are developed, and 3) explores present policy options and future predictions regarding youth, nonformal education, and society. Students will undertake an indepth study of a self-selected youth problem or related issue and engage in a needs assessment of the clientele being served (or not being served) by specialized youth programs. Prerequisite: EDHD 306 or PSYC 100 or SOCY 100 or SOCY 105.

AMST 418D — CULTURAL THEMES IN AMERICA: GROWING UP AMERICAN. Examines growing up in the United States, using historical documents, novels, and child-rearing manuals; emphasis on the transmission of values, knowledge, and beliefs. Prerequisite: a prior course in American Studies, History, or Sociology.

ANTH 389B — MEDICAL ANTHROPOLOGY. Anthropologists study medical and health behavior in diverse cultural settings. The subject matter for this course ranges from traditional healing and health care practices to contemporary United States medical treatment. Topics include nutrition, cross-cultural dimensions of mental health, medical practices, and professional roles for health practitioners. Emphasis will be on the ideological, institutional and professional bases of contemporary medical beliefs and practices. Prerequisite: ANTH 102 or related course in the social sciences and permission of instructor.

AREC 365 — WORLD HUNGER: POPULATION, FOOD SUPPLIES AND PUBLIC POLICY. An introduction to the problem of world hunger and possible solutions to it. World demand, supply, and distribution of food. Alternatives for leveling off world food demand, increasing the supply of food, and improving its distribution. Environmental limitations to increasing world food production.

CNEC 310 — CONSUMER ECONOMICS AND PUBLIC POLICY. CNEC 310 is designed to provide students with an understanding of the role of the private and public sector in meeting consumer needs. The need for social intervention and procedures for evaluating the impact of such intervention are discussed. Case studies are used to illustrate the interaction between economic and political considerations in the development of social intervention programs and to demonstrate the role of economic analysis in consumer policy evaluation. Prerequisite: ECON 201 and 202.

CNEC 410 — CONSUMER FINANCE. An economic approach to the problems of income allocation and consumer financial planning, including income maximization, principles of asset choice, financial management and risk management. The effects of fiscal and monetary policies on lifetime economic planning. May not be taken by students who have credit for FMCD 441. Prerequisite: ECON 201 and 202.

CNEC 431 — THE CONSUMER AND THE LAW. A study of legislation affecting consumer goods and services. Topics covered include product safety and liability, packaging and labeling, deceptive advertising, and consumer credit. The implications of such legislation for consumer welfare with particular emphasis on the disadvantaged groups in our society will be examined. This course covers typical consumer problems such as: What should be the government response to tampons, if they cause toxic shock syndrome? Should prescription drugs carry patent package inserts? What are the obligations of landlords to providing decent living conditions? What is the legal effect of a disclaimer of a warranty? How should the government regulate mail order sales? Can a consumer reject an automobile which turns out to be a "lemon"? These questions are analyzed on both a theoretical and on an applied level, with consideration of economy and social costs and benefits. Prerequisite: Completion of Social & Behavioral Science requirement.

CNEC 435 — ECONOMICS OF CONSUMPTION. Focuses on helping the student to better understand the problems of consumers in the marketplace and to explore alternative solutions to those problems. We look at the measurement of consumption, focusing on the difficulty of defining what is consumed and how well off are consumers. After reviewing what traditional economic theory says should be the alternative choice of the consumer, we look at particular conditions which limit the choices consumers actually face. With this broader perspective, we explore the dilemmas of consumers in the marketplace focusing on the issues of information, of the degree of choice, and of safety. The approach of the course is to incorporate economic theory and its extension as a tool for understanding consumer problems and to use empirical studies as examples in focusing on the issues of real world complications in the marketplace. Prerequisites: ECON 201 and 203 or ECON 205 for non-majors.

CNEC 437 — CONSUMER BEHAVIOR. An application of the behavioral sciences to a study of consumer behavior. Current theories, models and empirical research findings are explored. Prerequisite: PSYC 100 and SOCY 100.

DHCR 400 — THE FUTURE OF THE HUMAN COMMUNITY. The methods of projecting and planning developed in the field of future studies will be applied to the evolution of the social and cultural institutions that deal with a series of related human problems — education, information exchange, child-rearing, human relationship, leisure, health, and the provision of food and shelter. Prerequisite: Completion of the Social and Behavioral Sciences requirement.

ECON 415 — INTRODUCTION TO ECONOMIC DEVELOPMENT OF UNDEVELOPED AREAS. Examines the problems confronting less developed nations and considers the economic, political, and social factors which influence their growth. Comparisons are made between the experience of developed and less developed nations. Appropriate policies with regard to agriculture, capital formation, education, foreign trade, and planning are reviewed, with illustrations from planned and market economics. Prerequisite: ECON 201 and 203; or 205.

ECON 490 — SURVEY OF URBAN ECONOMIC PROBLEMS AND POLICIES. Analyzes the development of cities and the effects of growth patterns on the welfare of city residents. HIST 313 — AUTHORITY AND FREEDOM: A PROBLEM IN WESTERN CIVILIZATION. In this course, we will be examining the problem of the moral responsibility of the individual to the surrounding society in which that person lives — and to himself/herself. The question of where one's moral responsibility to society ends and when one's duty to follow one's own conscience begins will be the major theme of the course, as well as the question of how it is that individuals arrive at such a point of conflict with the authority of the community. No simplistic answers to these questions will be offered.

We will be looking at three basic areas: 1) the problem of individual expression and dissent in the heavily traditional societies of the ancient Mediterranean world; 2) the mechanics of obedience, and the attempt to dissent, in modern totalitarian states (Nazi Germany; the Soviet Union); 3) American ideals and experience. Prerequisite: one history course.

Advisement Information

Advisement

UNDERGRADUATE — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS ON ACADEMIC PROBATION, STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes*. Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 1117 Hornbake Library, 454-2733 or 454-3040.

GRADUATE — Graduate students registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

Credit Limits

UNDERGRADUATE — limited to **19 semester hours**
Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration materials.

GRADUATE — limited to **15 semester hours**

GRADUATE STUDENTS WITH A TEACHING OR RESEARCH ASSISTANTSHIP — limited to **10 semester hours**

Full-Time Status

Effective August 1973, official status (either full-time or part-time) *for academic purposes* will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 12 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS WITH TEACHING OR RESEARCH ASSISTANTSHIP — Full-time — Registered for minimum of 24 graduate *units* at the end of the Schedule Adjustment Period.

INTERNATIONAL STUDENTS — Full-time status for international students is discussed on page 16.

University Policy on Disclosure of Student Records

(Buckley Amendment)

The University of Maryland adheres to a policy of compliance with the Family Educational Rights and Privacy Act (Buckley Amendment). With certain limitations, this Act requires and it is the policy of the University:

(1) To permit students to inspect their education records
(2) To limit disclosure to others of personally identifiable information from education records without student's prior written consent
(3) To provide students the opportunity to seek correction of their education records where appropriate.

Prior consent will not be required for disclosure of educational records to school officials of the University of Maryland who have been determined to have legitimate educational interests.

Certain information has been designated "Directory Information" and will be disclosed without prior consent unless a student files written notice. Directory information consists of:

Name
Address
Telephone Listing
Date and Place of Birth
Photograph
Major Field of Study
Participation in Officially Recognized Activities and Sports
Weight and Height of Members of Athletic Teams
Dates of Attendance
Degrees and Awards Received
Most Recent Previous Educational Institution Attended

Students who wish to limit the disclosure of Directory information or wish access to their official records should obtain the appropriate form at the Registrations Counter, North Administration Building, and return the completed form to the Registrations Counter. Requests to limit disclosure of Directory information must be made within 3 weeks from the first day of the semester in which the student begins each school year. Such requests must be filed annually within the above allotted time.

Students alleging University noncompliance with the Family Educational Rights and Privacy Act may file a written complaint with the Family Educational Rights and Privacy Office, United States Department of Health, Education and Welfare, 330 Independence Avenue, S.W., Washington, D.C. 20201.

For complete University policy on access to and release of student data information, see the current edition of the *Undergraduate Catalog*.

What's New and Interesting

DISTINGUISHED SCHOLAR-TEACHER COURSES

In 1978-79 the Campus initiated the Distinguished Scholar-Teacher Program whereby outstanding scholar-teachers will offer a series of special courses with an interdisciplinary emphasis. Each of the Distinguished Scholar-Teachers offers one course open to undergraduate students regardless of major. For the fall semester, the courses and instructors will be:

PHYS 117 — INTRODUCTION TO PHYSICS (4) (Drs. John Layman and Alex Dragt. Three lectures and one two-hour laboratory per week. Prerequisite: qualification to enter MATH 110. This course is intended for the general college student majoring in neither the physical nor biological sciences, and is an approved USP Distributive Studies course in the Natural Sciences and Mathematics. Possible topics include Newton's laws of motion, energy, electricity and magnetism, and elementary particles. Numerous classroom denonstrations will be presented, and extensive use will be made of the computer both in class and in the laboratory. Presented from the perspective of what every congressman and congresswoman should know about science and the natural world.

SOCY 460 — SOCIOLOGY OF WORK (3). Professor George Ritzer, Department of Sociology, T/Th 2:00, AS 1212. An analysis of the major problems confronting work in America including unemployment, decline of traditional industries, and failure of traditional management practices. In addition, there is a concern for the kinds of conflicts and stresses that various workers encounter on the job as well as the multitude of ways in which they seek to cope with those conflicts.

The Distinguished Scholar-Teachers represent the best instruction offered at College Park. In view of the general interest of these courses, the instructors will welcome to the classroom any member of the Campus community who wishes to attend some or all of the lectures. No advanced arrangements are necessary.

A NOTE ABOUT PHIL 170, PHIL 173, AND PHIL 371

ALL THREE ARE INTRODUCTORY LOGIC COURSES. PHIL 170 PROVIDES THE STUDENT WITH A BROAD UNDERSTANDING OF THE FIELD OF LOGIC, IN BOTH ITS TRADITIONAL AND ITS MODERN FORMS. PHIL 173 CONCENTRATES ON APPLICATIONS, USING LOGIC TO UNCOVER THE DEDUCTIVE STRUCTURE OF PUBLISHED MATERIAL WRITTEN IN A DIVERSITY OF LITERARY STYLES. PHIL 371 ENABLES THE STUDENT TO DEVELOP SKILL IN USING THE TECHNIQUES OF MODERN SYMBOLIC LOGIC, AND AN UNDERSTANDING OF SOME OF ITS UNDERLYING PRINCIPLES.

ALL THREE COURSES ATTEMPT TO DEVELOP IN STUDENTS A HEIGHTENED SENSITIVITY TO LOGICAL FORM, LOGICAL FALLACY, AND THE LOGICAL NUANCES OF ORDINARY LANGUAGE.
